

*February 2007*

My daughter Izzy started at Robin's Nest on her second birthday in February, 2006. It's been almost a year and she's still completely happy. She has a group of friends who she talks about every night now, she's quickly learning all sorts of academic skills (I can't keep track!), and she's eager to go to school every morning.

As a mom, I love Robin's Nest because I know my child will be safe and given individual attention in a structured environment. I intend to keep Izzy at Robin's Nest until she starts kindergarten in the fall of 2009, and I'm certain she'll be completely prepared because of her wonderful experience there.
