

*February 2007*

I would love to describe Tevyn's experience at Robin's Nest. Tevyn did nothing but grow at school and I can't think of a better experience for him. He looks forward to making new friends wherever he goes because of the social skills he's learned at Robin's nest. I think Tevyn is definitely ready and is happy to be starting kindergarten. I totally appreciate all the help Robin has given me in teaching Tevyn scholastic skills as well as manners, his social abilities and more. Plus, she ended up being a great friend to me. So, thanks to her.

Sincerely,

*Lindsay Dunlap*
